D. The monetary value of subcontracts awarded pursuant to this Ordinance shall be taken into account when reviewing whether the goals established by this Ordinance have been achieved.

(f) Good faith efforts:

A. Efforts which are merely *pro forma* shall not be deemed the good faith efforts necessary to generate a level of qualified business participation sufficient to meet the goals' requirements of the program.

A. Make a good faith effort to attain the goals established by the Township's governing body pursuant to this program.

B. Designate a contract, subcontract or other means of procurement as a set-aside contract if it is likely to receive bids from at least two qualified businesses at a fair and reasonable price, to be determined by the Purchasing Agent and considering, without limit, the budget determined to be necessary for the procurement.

C. If it is determined by the Purchasing Agent that two bids cannot be obtained or that acceptance of the low responsible bid will result in the payment of an unreasonable price, the Purchasing Agent may recommend to the Township Administrator that the bids be resolicited on an unrestricted basis.

D. Designate contracts and/or subcontracts as set-aside contracts prior to advertisement, and notice of such designation shall be included in the advertisement.

(i) Certification & Compliance Officer:

The Township Administrator shall designate a Certification & Compliance Officer in the Purchasing Department to realize the intent of this Ordinance as set forth herein.

With respect to all contracts and procurements, it shall be the Certification & Compliance Officer's authority and responsibility to:

A. Maintain a list of eligible businesses; interact with the Department of Finance and Purchasing Department, to determine which Township contracts should be set aside for participation herein; oversee outreach to the qualified business enterprises; and to oversee and co-ordinate seminars for qualified business enterprises to expand the number of qualified businesses eligible to participate in this set aside program.

B. Maintain a listing of qualified businesses in the Edison Township Area for use by the Township's Departments and Offices.

C. Submit semi-annual reports to the Township Administrator to document the percentage of set-aside contracts which have been awarded to qualified businesses pursuant to the Township's set-aside program.

D. Have access to all records and files of all Township contracting agencies and departments that relate to construction, goods and services contracts in order to monitor and review compliance.

E. Make a written annual report to the Township Administrator indicating the good faith effort made by the Purchasing Department to attain the set-aside goals set forth in this program. Such report shall be submitted to the Township Administrator, Mayor and Council not later than January 31st of each year, of the previous year's activity. The Township shall publish a list of the Township's attainments (goals) for the immediate preceding local fiscal year, in two newspapers circulating in Middlesex County, by March 1st of each year pursuant to N.J.S.A. _40A:11-48.

F. Ascertain, with the assistance of the Purchasing Agent, the identity of qualified businesses in the Edison Township Area.

G. Classify each business according to contract types in which the business represents itself to have capabilities, place all classified businesses on a solicitation list and distribute the list to the Purchasing Agent. This list shall also include businesses within the area of Edison Township.

H. Survey all businesses placed on the solicitation list to determine their past and current participation level in Township contracts. The results may be used to ascertain the contracting agency's good faith effort to attain the goals as established by the Township.

(j) Implementation:

- A. The Township's Certification & Compliance Officer shall make such findings, recommendations and proposals as are necessary and appropriate to the implementation of the Township's set-aside program. If, as a result of his or her monitoring activities, the Certification & Compliance Officer determines that the goals set forth in this chapter are not being met by the Township, the Certification & Compliance Officer may recommend any or all of the following actions listed in Subsection B(1) through (3).
- B. The Certification & Compliance Officer shall submit a report to the Township Administrator setting forth the nature of the problem(s) and any suggestions for better implementation of the program. If the Township Administrator concludes that the Township's qualified minority, women, and veteran-owned business enterprise set-aside plan is unlikely to produce the participation goals, he or she may recommend that the Certification & Compliance Officer revise the Township's plan to provide additional opportunities for qualified business participation, such as, but shall not be limited to, the following:
- (1) Recommendations as to stronger solicitation efforts to identify more qualified minority, women, and veteran-owned businesses as potential sources of supply.
 - (2) Recommendations as to the elimination of extended experience or capitalization requirements, when programmatically feasible, to permit participation of qualified businesses in the set-aside program.
 - (3) Recommendations as to publication of advertisements for bids in more than one newspaper, e.g., minority-oriented newspapers.

(k) Certification:

- A. To ensure that only qualified businesses that are owned and controlled in both form and substance by minorities, women and veterans, which are counted towards the goals' requirements set forth in this chapter and the Township's minority business enterprise/women's business enterprise/veteran's business enterprise program(s), any minority or women, or veteran-owned business, including a joint venture, desiring to participate in the Township's set-aside program must be certified as a legitimate minority business enterprise/women's business enterprise/veteran business enterprise. Such certification shall follow the State of New Jersey's rules for being included in the NJSAVI database as set forth herein, and/or any other New Jersey governmental entity or agency that has qualified and certified a business as a qualified business enterprise described herein and throughout using the same criteria for determining a business' qualifications, and registration therein shall constitute certification for the purposes of the Township's set-aside program.
- B. Each qualified business owner shall submit a fully executed certification affirming that his or her business meets all the requirements to be a qualified business by January first of each year.
- C. The Certification & Compliance Officer will evaluate the submitted information to determine whether the applicant meets the criteria for qualified minority, women, and/or veteran-owned business enterprises. Prior to making a certification recommendation to the Township Administrator, the Certification & Compliance Officer may, in his/her discretion, request an interview with the applicant. Failure of an applicant to comply with requests for information or documentation may result in a determination of certification status based on the information supplied or a suspension of the application for certification.

D. Following certification, the Certification & Compliance Officer may require the business to furnish additional information from time to time in order to establish its continued eligibility for certification.

E. Upon becoming certified, a business shall notify the Certification and Compliance Officer if there is a change in the business that affects its status as a qualified business, including changes in the business that affect its status as a qualified business, including changes in ownership, control or management.

If a business is denied certification, the Township Administrator or his or her designee shall notify the business, in writing, of the reasons for its determination. The business may appeal the denial to the Township, which shall conduct a hearing at which the business shall have the opportunity to present witnesses and documents in support of its application for certification. The business must file its request for a hearing with the Township. No appeals will be considered if filed later than 15 days from the date of the notice. Businesses that are denied certification may not reapply for certification for a period of six months from the date of denial.

Businesses that have been previously certified through programs considered by the Certification & Compliance Officer to be similar or in concert with the Township's goals and objectives for qualified business contractors may be granted certifications pursuant to this plan upon approval by the Township Administrator.

The right of the Township Director of Finance to evaluate a bidder or contractor's ability to satisfy financial, technical or other criteria, separate and apart from the certification process provided for in this program, is not altered by this chapter.

The certification granted pursuant to this section shall entitle a business to participate in any category of contract or procurement for which it qualifies. The certification shall not be considered contract- or project-specific. The Township may, but shall not be required to, delay the award of any contract pending the appeal of the Township Administrator's decision to deny certification.

(1) De-certification:

A. Any qualified business enterprise may be decertified for the following reasons:

(1) For providing false or misleading information to the Certification & Compliance Officer during the certification process.

(2) If the qualified business enterprise is no longer an ongoing business entity.

(3) If the business entity has changed to the extent that it is no longer owned and controlled by minorities, or women, or veterans pursuant to the requirements of this program.

(4) For failure to report to the Township of Edison, within 10 days, any determination of the federal government or any state government, municipality or school board, or any department, subdivision, agency or authority of the federal government or any state government, municipality or school board denying or revoking the certification of the business as a minority, or women, or veteran-owned business enterprise.

(5) For failure to maintain registration with the State of New Jersey's SAVI database, or any other accepted certifier.

B. Upon review of the documentation concerning decertification, the Certification & Compliance Officer shall make a recommendation promptly to the Township Administrator concerning decertification, whereby the Township Administrator shall determine whether the business shall be decertified, and shall notify the business of such decision in writing. The business may appeal the decision to the Township in accordance with the provisions above. Reasons for decertifying a business shall be expressed by certified mail. The decertified business may not reapply for certification for a period of time to be determined by the Township Administrator and/or his or her designee, but in no event longer than a period of one year.

(m) Re-certification:

On a yearly basis, a qualified business shall submit any information requested by the Certification & Compliance Officer annually, to ascertain whether such business is still a qualified business pursuant to this program. If it is determined that the annual submission of information has changed to such an extent that the qualified business' status has changed, affecting the certified status, the Certification & Compliance Officer may recommend that the business be required to reapply for certification.

(n) Certification standards:

The Certification and Compliance Officer shall undertake the efforts necessary to educate businesses that wish to be certified as a minority, women, veteran owned business that in order to be certified the business must be able to comply with the following conditions:

A. Eligible minority business enterprises, women's business enterprises, or veteran business enterprises, under this program shall be independent businesses. There shall be conclusive evidence that the ownership and control of such business is real, substantial and continuing and shall go beyond the *pro forma* ownership of the business as reflected in its ownership documents. The minority business enterprise/women business enterprise/veteran business enterprise owners shall enjoy the customary interests of ownership. They shall share in the risks and profits commensurate with their interest of ownership. Recognition of the business as a separate entity for tax or corporate purposes is not necessarily sufficient for recognition as a minority business enterprise/women's business enterprise/veteran's business enterprise. To determine the legitimacy of an independent minority business enterprise/women's business enterprise/veteran business enterprise, the Certification & Compliance Officer shall consider all relevant factors concerning ownership and control of business assets, including but not limited to the date the business was established, whether its resources for the work of the contract are adequate and the degree to which financial, equipment-leasing and other relationships with nonminority firms vary from industry practice.

B. The minority business enterprise/women's business enterprise/veteran business enterprise owners shall have the power to direct or cause management and policy directions of the firm/business, as well as make major decisions on matters of management, policy and operations. The firm shall not be subject to any restrictions limiting the customary discretions of the minority or women or veteran owners. This shall include provisions in bylaws, partnership agreements or charter requirements for cumulative voting rights or otherwise that prevent the minority or women or veteran owners, without the cooperation or vote of any owner who is not a minority or woman or veteran, from making a business decision of the firm.

C. Where non-minority owners of the firm are disproportionately responsible for the firm's operation, then, by the standards of this program, the firm is not controlled by minorities or women or veterans, and shall not be considered a qualified business within the program's meaning.

D. In establishing a status of a legitimate minority and/or women-owned and/or veteran owned business, all securities which constitute ownership and/or control of a corporation shall be held directly by minorities or women or veterans. Securities held in trust or by any guardian for a minor shall not be considered as held by a minority and/or woman and/or veteran in determining the ownership and/or control of a corporation.

E. Capital or expertise contributed by minority and/or women and/or veteran owners to acquire their interest in the firm shall be real and substantial. A promise to contribute capital, a note payable to the firm or its owners who are not minorities, or the mere participation as an employee, rather than as a manager, shall be examples of insufficient contributions.

F. In determining eligibility as a minority business enterprise/women's business enterprise/veteran business enterprise business, in addition to the above standards, the Certification & Compliance Officer shall give special consideration to the following circumstances:

(1) Minority business enterprises/women's business enterprises/veteran business enterprises which are newly formed and whose ownership and/or control have changed since the date and/or time of the advertisement of the contract, shall be closely monitored to determine the reasons and the relationship between the timing, formation and/or change in the firm.

(2) Careful scrutiny and review of previous and/or continuing employer/employees relationships between or among present owners shall be conducted to ensure that the employer/owner has the management responsibilities pursuant to this program.

(3) Any relationship between a minority business enterprise/ women's business enterprise/veteran business enterprise and a non-minority-owned business having interest in the minority/women/veteran-owned business, shall be carefully monitored to determine if the interest of the minority/women/veteran-owned business enterprise conflicts with the ownership and control requirements of this program.

G. Joint ventures may be eligible to compete as minority/women's/veteran-owned business enterprises under this program, provided that the qualified business enterprise partner of the joint venture meets the eligibility standards of a minority/women's/veteran-owned business enterprise set forth herein, and the qualified partner shares in the ownership, control and management responsibilities, the risks and profits of the joint venture and the qualified business enterprise partner is responsible for a clearly defined portion of the work to be performed.

(o) Violations and penalties:

When the Township determines, after hearing, that a business has been classified as a qualified business enterprise on the basis of false information knowingly supplied by the business and has been awarded a contract to which it would not otherwise have been entitled, the Township may, in accordance with the provisions afforded to it by *N.J.S.A. 40A:11-47*:

A. Assess against the business any difference between the contract and what the Township's cost would have been if the contract had not been awarded in accordance with the provisions of this ordinance;

B. In addition to the amount due under subsection (a), assess against the business a penalty in an amount of not more than 10% of the amount of the contract involved; and

C. Order the business ineligible to transact any business with the Township for a period to be determined by the Township, which shall not exceed five (5) years, per *N.J.S.A. 40A:11-4*. Prior to any final determination, assessment or order under this section, the Township shall afford the business an opportunity for a hearing on the reasons for the imposition of the penalties set forth in subsections (a), (b) or (c) of this section.

The Township may file an action to enforce a civil penalty imposed by this ordinance providing for its collection or enforcement by a civil proceeding, which action shall be brought as a summary action in the Law Division of the Superior Court pursuant to New Jersey Court Rule 4:67. Severability. If a court of competent jurisdiction shall declare any section, paragraph, subsection, clause or provision of this Ordinance invalid, such decision shall not affect the validity of this Ordinance as a whole or any part thereof, and the remaining provisions shall be construed to give effect to the intent thereof.

Inconsistency. All ordinances or parts of ordinances of the Township of Edison heretofore adopted that are inconsistent with any of the terms and provisions of this Ordinance, are hereby repealed to the extent of such inconsistency.

Effectiveness. This Ordinance shall take effect on January 1, 2020, the beginning of the Township's next fiscal year.
